Application # Z13-02 DATE OF READING 7-16-13

REZONE FROM A-1 TO RA-1

PROPERTY OWNER Corey Baxter

LOCATION OF PROPERTY 536 Cook Rd.

Resaca

DESCRIPTION OF PROPERTY  
2 ACRES

THIS REQUEST COMES TO THE BOARD OF COMMISSIONERS FROM  
THE PLANNING COMMISSION WITH THEIR RECOMMENDATIONS FOR:

- Approval

STIPULATIONS:

**Cover Sheet**  
**Proposal for Land Use Action**

Application Number: 213-02 Present Zoning: A-1 Proposed Zoning: RA-1

Date of Planning Commission Meeting: July 8, 2013

Date of Board of Commissioners' Meeting: July 16, 2013

Applicant: Corey Baxter

Property Owner: *(if different from applicant)* \_\_\_\_\_

Property Address: 536 Cook Rd, Resaca

Said Property having a frontage of 180.02 feet and containing 2.00 acres.

Future Development Map Classification: Rural / Agricultural Reserve

Current Zoning Map Classification: A-1 - Agricultural

Proposed Action: Rezone property to RA-1  
(Residential Agricultural).

Reason for Proposed Action: Would like to build a house,  
subdivided property from a larger tract.

Directions to Property: Hwy 75N - Exit 320 - Turn  
left and go 1 1/2 mile. Turn left onto  
Cook Rd @ 700 feet on right.

Butch Layson ask the applicant why they were asking for such a large size, as this is much larger than what is allowed on other State Highways. Mr. McDaniel responded that upper management thought that the building might not be visible from I-75 and therefore instructed him to make it happen. Ron Free stated he too agreed with the concern of setting precedence with other industries for a sign of that size. He recommended approving a sign of 30 feet in height and 100 square feet in size, which is doubling the ULDC code on State Routes. Mr. Free put his recommendation on the table as a motion on Application #V13-04 to allow construction of a sign for 30 feet in height and 100 square feet in size. Butch Layson seconded the motion. The vote was 3-0 to approve as recommended. The thirty- (30) day appeal period was explained.

**REZONING APPLICATIONS #Z13-01 & Z13-02, BRIAN & COREY BAXTER**

Chairman Rains read rezoning applications #Z13-01 and #Z13-02, Brian and Corey Baxter requesting to rezone two 2 acre tracts located at 522 and 536 Cook Road, Resaca, GA from A-1 to RA-1. The applicants stated that they wanted to rezone the 2 properties for the bank for appraisal purposes as a step to get through the loan, to get a better appraisal on the houses they were going to build for the farm. All adjoining property owners had been notified.

Ursula Desrosier, Zoning Administrator for Gordon County, recommended that the rezoning requests identified as Application #Z13-01 and #Z13-02 be approved to rezone both properties from A-1 to RA-1.

Jerry Lovelace made the motion to approve both the rezoning requests identified as Application #Z13-01 and #Z13-02 from A-1 to RA-1. Butch Layson seconded the motion. All voted aye. The recommendation for approval was sent to the Board of Commissioners.

**ADDITIONAL BUSINESS**

Chairman Rains welcomed new Planning Commission Member, Jerry Lovelace. There being no additional business, Ron Free made the motion to adjourn. Butch Layson seconded the motion. All voted aye. The meeting was adjourned at 6:30 p.m.

**Planning Staff Report  
to the  
Gordon County Planning Commission**

**Rezoning Proposal**

**Date of Report:** June, 24 2013

**Application #** Z13-02

**Applicant and Property Owner:** Corey Baxter

**Location of Property:** 536 Cook Rd. NE, Resaca

**Property Frontage:** 260.17 Feet

**Tract Size:** 2.00 acre

**Proposed Action:** Rezone from A-1 (Agricultural) to RA-1 (Residential Agricultural)

**Reason for Proposed Action:** Applicant desires to rezone this (2) acre tract of land in order to build a house, property has been subdivided from a 19.76 acre tract leaving 17.76 acres.

**Future Development Map Classification:** Rural/Agricultural Reserve

**Departmental Reviews**

**It shall be understood that the following Departmental Review requirements, if any, shall be satisfied by the Applicant in addition to all standard County zoning, building, and development codes prior to the issuance of any land disturbance permit, building permit and/or certificate of occupancy, as deemed applicable by the County building official relating to the subject proposal if said proposal is approved by the Gordon County governing authority.**

- ***Environmental Health Services:*** Mr. Baxter has spoken to me about one SFR on this lot. No septic can be installed on this lot. Pumping the septic to another lot was discussed but a legal easement to install drainfield would be required. This lot as indicated would not be acceptable as shown. No site visit has been made, no permit has been issued.
- ***Fire Department:*** OK
- ***Gordon County School System:*** N/A
- ***Road Department or Georgia of Transportation:*** The subdividing of this property change R/W, therefore requiring: 1) A new plat is needed for review and approval. The R/W change could affect setback requirements. 2) Driveway permits are required prior to construction permanent driveway.
- ***Water & Sewer (City of Calhoun):*** No city water to this property at this time. No city sewer in this area.
- ***Zoning Division:*** A Notice of Public Hearing has been properly advertised in the local newspaper, zoning application fees have been paid and Applicant has been advised to post a Notice of Pubic Hearing on the subject property.

**Planning Staff Findings & Recommendations**

The following standards from Section 10.03.0212.6 of the Gordon County Unified Land Development Code (ULDC), in addition to the Departmental Reviews above, have been considered in the findings and recommendations of the planning staff:

***1. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.***

The proposed zoning, which requires a two acre minimum lot size, is consistent with nearby land uses. Surrounding properties include low-density residential uses on A-1 zoned properties that are generally less than five acres in size.

***2. Whether the proposed zoning will adversely affect the existing use or usability of adjacent or nearby property.***

The proposed zoning is not anticipated to adversely affect the existing use or usability of adjacent or nearby property.

***3. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.***

The subject property cannot be further developed as currently zoned because it is less than the minimum required five acre lot size for A-1 zoned properties.

***4. Whether the proposed zoning will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.***

The proposed zoning is not anticipated to cause an excessive or burdensome use of existing public infrastructure or facilities.

***5. Whether the zoning proposal is in conformity with the policy and intent of the Future Development Map and Comprehensive Plan.***

The subject property is classified as Rural/Agricultural on the Gordon County Future Development Map. This classification supports predominantly rural, undeveloped land that is suited for agricultural and large-lot residential uses. The proposed zoning district is intended to preserve the mixed agricultural and residential character of land and is consistent with the Future Map and Comprehensive Plan.

***6. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approved or disapproved of the zoning proposal.***

The primary issue is the Applicant's need to comply with the Environmental Health Service and Road Department's requirements (see "Departmental Reviews") should the rezoning request be approved.

**Planning Staff's Recommendation:**

The rezoning request identified as Application #Z13-02 be recommended for approval.
