BARRIER REQUIREMENTS

Appendix G of the 2006 IRC has been adopted by the State of Georgia and Gordon County Board of Commissioners. Excerpts from the 2006 IRC – Appendix G Section AG 105 Barrier Requirements

**Section AG 102 Definitions:** Swimming Pool – Any structure intended for swimming or recreational bathing that contains water over 24 inches deep. This includes in-ground, above-ground and on-ground swimming pools, hot tubs and spas.

**AG 105.1 Application** The provisions of this chapter shall control the design of barriers for residential swimming pools, spas and hot tubs. These design controls are intended to provide protection against potential drownings and near-drownings by restricting access to swimming pools, spas and hot tubs.

A complete copy of this code section is available at the Gordon County Building, Planning and Development office and is a part of this application.

**I herby certify that I have read and examined the 2006 IRC, Appendix G. Swimming Pools, Spas and Hot Tubs**

I \_\_\_\_\_  
Print Name acknowledge and am fully aware of the barrier/fencing requirements contained in the 2006 edition of the International Residential Code, specifically Appendix G Sect. 105, Barrier Requirements. I also understand that I need to comply with this section before any water is added to any pool. A temporary barrier may be acceptable when it is necessary to place water in pool before barrier is completed. Contact this office for approval of any temporary barriers.

I \_\_\_\_\_  
Print Name have received, read and understand the complete section of this code and I am the person responsible for the installation and compliance of the required Barrier and all its accessories.
