Mr. Ledbetter

I was checking to see if we could get another vehicle surplussed at the Board meeting. The vehicle is a 2002 Ford F-150, silver in color bearing VIN: IFTRF17243NB00077. The vehicle currently has in excess of 223,000 miles and starting to have mechanical issue. We are asking that it be surplussed so that we can either sale of trade for another vehicle. This should be the last vehicle surplussed for a while. This vehicle was purchased several years back by the Sheriff's Office through seized funds.

Thanks
