Subject: Development Authority of Gordon County

Annette, please place me on the County's agenda for next Tuesday's meeting. I will be representing the Development Authority in connection with the purchase by the Dixie Group of the old Constantine Dyeing Plant next to Calhoun High School.

The issue for the Commissioners will be the approval and ultimate execution of the PILOT (Payment in Lieu of Taxes) Agreement that will act as incentives for that project. Jimmy Phillips will accompany me.

I will provide draft agreements to Suzanne for her review as soon as possible.

If you have any questions, please give me a call.

William R. Thompson, Jr.
