Black Creek Integrated Systems Corp. 8-9-2013

Is the Proposer responsible for removing the existing analog equipment?

Yes

What is the length of time that the County wishes to store visit recordings?

Short answer, as much as possible. We want the system to have the capability to store but we may not opt to include the storage server until a later date.

Is the County providing any necessary workstations for administrative and monitoring purposes?

All computer workstations are currently in place

How many workstations are expected to run the scheduling software application?

At this time we are not wanting to implement any pre scheduling. Visits are conducted as the visitor arrives at the jail.

How many workstations are expected to run the monitoring software application?

At least 2 maybe more

Is the County interested in web-based remote visitation that will provide a revenue stream?

No

On what days are visits allowed and what are the visitation hours?

- **Sundays 9am - 4pm and 6pm-9pm**
- **Mondays 9am - 4pm and 6pm-9pm**
- **Tuesdays 9am - 4pm and 6pm-7pm**
- **Wednesdays 9am - 4pm and 6pm-9pm**
- **Thursdays - No Visits**
- **Fridays 9am - 4pm and 6pm-9pm**
- **Saturdays 9am - 4pm and 6pm-9pm**

Subject to change

Is the public currently required to register as a visitor? If yes, how is this accoumplished? In person? Via phone? Via internet?

Yes, in person

Please provide a breakdown of quantity of inmate stations to be installed by area such as dayrooms intake etc.?

I do not have that breakdown available. 16 public stations and the rest are all inmate stations and all but 2 will be in inmate housing. 1 will be in medical and 1 in the courtroom.
