Good morning Annette,

I am requesting to do a brief presentation at the BOC Meeting this Tuesday 1/24/17at the work session.

This presentation is for a monument for the 128th New York Infantry to be placed on Chitwood Road N.E. on the Gordon County Conservation Easement. The monument will be placed beside the road just off the ride-a-way.

The Civil War Reenactors group that is placing the monument is the same group that put the large monument up at Fort Wayne Civil War Historic Site. They have raised \$9,000 dollars for the project and have to order the monument by Friday 1/27/17. The monument be made and set by Rome Monument Company. This will be the first Federal Civil War monument put up in Gordon County since 1905. This will be of no cost to Gordon County.

If you need any other information please call or email me. I will have all pertinent information (drawings, exact location, and Trust For Public Land permission) to hand out to the BOC Tuesday.

Thank you in advance,

Ken Padgett
