

Gordon County Public Works Department

The following are what I consider to be the most important projects that need to be addressed. These projects have yet to be designed so the estimates are just that and can vary greatly once a study and design have been completed.

- | | |
|---|----------------------------|
| 1.) Mt. Olive Church Road at Dam
Widen road build shoulders install guard rails. Lake? | \$250,000 to \$1,000,000 |
| 2.) Boone Ford Road at Allen Mountain
Widen road, build shoulders install guard rails. | \$500,000 |
| 3.) Salem Road (New Bridge)
City / County project | \$5,000,000 |
| 4.) Boone Ford Road Intersection | \$1,000,000 to \$2,500,000 |
| 5.) Irwin Mill Road (along creek)
Widen road, build shoulders install guard rails. | \$200,000 to \$5,000,000 |
| 6.) Carter Mountain Road
Widen Road, build shoulders install guard rails | \$250,000 |

These projects will require engineering and outside contractors to build.
