Jim, looks like we will bid Peters Street Phase II by September 18, 2019. Looking at Erwin Street we would like to revamp the Erwin into Peters Street and do away with the two entrance/exits into one intersection. The radius would be widened to support easy access. We would also propose Erwin Street becoming a City Street. If the bids come in at a certain price we would like to redo Erwin Street with Curb/Gutter, drainage, sidewalks, and resurfacing. Thanks for your consideration.
Eddie
