Thanks Jim...I just talked to Annette a little while ago...Karen can't attend and we aren't prepared for a session (I failed to let Mike know (through Karen) how it works... 😊)...We would like to be on the August 4th Agenda just for a COVID update and any other topics you think might be helpful? We can introduce our CEO AND CFO (Alan Guyton) at that meeting, also...I'll touch base in a couple of weeks...please let us know what you and the Commissioner's might like an update on...
