**VARIANCE APPLICATION #V21-13 & REZONING APPLICATION #Z21-18,
OWR, LLC (appl.) CON-ONLA FARMES, LLLP (owner)**

Vice-Chairman Lovelace read variance application #V21-13 and rezoning application #Z21-18, OWR, LLC, applicant and Con-onaula Farms, LLLP, owner for a 38 acre tract located on Trimble Hollow Rd., Adairsville. Terry Brumlow, a local attorney, represented the request stating that the variance request is to reduce the buffer strip from 250 feet to 20 feet on the North and East boundaries of the property. The rezoning request is to rezone this property from A-1 to I-2. Mr. Brumlow also added that the developer will be building a new county road into the property. All adjoining property owners had been notified.

On variance application #V21-13, Eddie Smith made the motion to approve the variance as requested to reduce the county buffer requirements from 250 feet to 20 feet on the North and East boundaries of the property with the stipulation to satisfy the construction of the new county road. Sabrina Poole seconded the motion. All voted aye. The variance was granted. The thirty-(30) day appeal period was explained.

On rezoning application #Z21-18, Eddie Smith made the motion to approve the rezoning request from A-1 to I-2. Nathan Serritt seconded the motion. All voted aye. The recommendation for approval was sent to the Board of Commissioners.

ADDITIONAL BUSINESS

There being no additional business, Eddie Smith made the motion to adjourn. Sabrina Poole seconded the motion. All voted aye. The meeting was adjourned at 6:22 p.m.

INDUSTRIAL

Description:

Gordon County has a significant amount of industrial/advanced manufacturing employers and that number is expected to rise in the future. Current development exists along Hwy 41 primarily south of Calhoun, with smaller developments appearing on the northern side of Calhoun and throughout the County. Attractors include access to Interstate 75, as well as Hwy 41, and to CSX and Norfolk Southern rail lines. Additional industrial and commercial development is anticipated along US 411 due to the expansion of rail usage and the Appalachian Regional Port in Murray County.

Development Strategies/Policies:

- ❖ Infrastructure: The County should continue infrastructure upgrades to allow for future growth, providing access to water, sewer, electricity, gas, fiber optic, interstates/highways, rail access.
- ❖ Property identification/acquisition: Identify sites for acquisition and development.
- ❖ Marketing/recruitment: The Chamber of Commerce and Development Authority are skilled and experienced at marketing these properties and preparing incentive packages for the recruitment of interested parties.
- ❖ Zoning/design guidelines: Industrial/advanced manufacturing developments can create noise, light, odors or traffic impacts. Zoning and development guidelines can be created to mitigate these issues through requiring buffers, stormwater controls and other measures.
- ❖ Recreation: Incoming industries can sometimes be convinced to develop trails across their large properties as part of marketing campaigns or employee wellness programs.
- ❖ Food/gas: Nearby dining opportunities and convenience stores should be allowed for the purpose of serving employees of these industries during their breaks.

Land Uses: Industrial (light and heavy), commercial of various intensities, civic uses and other vehicle-driven uses.

Planning Staff Findings & Recommendations

The following standards from Section 10.03.0212.6 of the Gordon County Unified Land Development Code (ULDC), in addition to the Departmental Reviews above, have been considered in the findings and recommendations of the planning staff:

1. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.

The proposed zoning has heavy industrial zoning adjacent to the property. It is in close proximity to the LG Chem Plant the rail service along the western edge, I-75 on the eastern boundary and the nearby Tom B. David Airport.

2. Whether the proposed zoning will adversely affect the existing use of usability of adjacent or nearby property.

The proposed zoning will not adversely affect the existing use of usability of adjacent or nearby property.

3. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

The subject property exceeds the minimum lot size requirements for A-1 zoning and has the potential to be developed accordingly.

4. Whether the proposed zoning will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

The proposed zoning may generate additional vehicular traffic and/or impede on traffic flow.

5. Whether the zoning proposal is in conformity with the policy and intent of the Future Development Map and Comprehensive Plan.

The subject property is classified as Industrial on the Gordon County Future Development Map. This classification supports land uses intended for Industrial (light and heavy), commercial of various intensities, civic uses and other vehicle-driven uses. .

6. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approved or disapproved of the zoning proposal.

The proposed zoning is important to the economic health of the county with attracting new industry also, within proximity to residential growth areas which is in compliance with the Future Development Map, to provide opportunities for workforce housing.

Planning Staff's Recommendation

The Rezoning Application #Z21-18 is recommended for approval with the following conditions: All applicable state and local regulations shall be complied with, including but not limited to Gordon County appearance standards for structures in industrial zoning districts, landscaping and buffer requirements and sign requirements. Also, to satisfy the Fire Department with a new county road.
