

Gordon County Public Works
Request for Proposal
On-Demand Engineering Services
Questions and Answers

- Can you please clarify if you would like for proposers to provide 1 original and 4 copies or 1 original and 3 copies? **1 original and 4 copies.**
- Can you please clarify if you would like the firm's relevant current project assignments, completion dates and percentage of availability or key personnel? **We would like all 4: relevant current projects, completion dates, availability, and key personnel.**
- With questions being due on the 27th as well as a possible addendum (that would potentially include all submitted questions), would the County be open to extending the deadline to the 3rd to give proposers adequate time to ensure their proposals are responsive and printing? **No, we have advertised this bid for 4 weeks in accordance with our purchasing policy.**
- Does the County wish for submitting firms/teams to be able to perform all scope of work elements presented on page 6 (there were 7 disciplines listed), or would the County accept submittals from firms to perform work in only one (or more) of these disciplines? Another way to ask this, will the County select firms in each discipline or just a firm/team to perform all 7? **We're looking for a firm able to complete all 7 disciplines.**
- The Non-Collusion form references price/prices. Should our submittal include a price? **No prices need to be included in the submitted proposal.**
