I told Chad Steward about the dump trucks as Finance Committee Chair and he approves them to go to the BOC Tuesday.

See Steve Parris's email below to put on the Board Meeting Agenda for 9/21/2021. Thanks!

I spoke with Mr. Stollings about cutting the price even lower he said that is the best he can do on a single truck he had dropped it \$500. However, if we would purchase 2 he could do it for \$315,000 including delivery. As I said I have searched all day and these are the only trucks I can even find that are good quality are without 300,000 miles, according to MR. Stollings the only reason he has these is they were ordered then the contractor had to back out. for financial reasons. Also, they offer some type of finance plan that some smaller municipalities have used he is going to send it over to look at.

Mr. Parris,

Per our conversation, please see the attachments. I have attached some pictures of the Mack Granite dump truck we talked about. I also have attached specifications for the chassis and body.

Please feel free to contact me with any questions you may have. WE would be able to deliver this immediately.

WE also offer numerous options for financing If needed or the County would prefer.

Total price on this would be \$158,658.00. This would be delivered to the County.
