Good morning!

I've been working with Pat Bedford and Keith Henson regarding the x-ray machines that are needed in the new building. Keith is currently down one machine in the main courthouse, and is wanting to go ahead and order the 2 machines and use them in the main courthouse until the new building is ready.

These machines can be easily moved as they are not fixed to the floor. They are on state contract and would be purchased directly from the vendor, not a third party. Installation and training is included, as well as a 1-year warranty. Attached is the quote with each machine priced at \$14,200.

Thank you!
