Annette,

I was wanting to get a topic about Little Free Libraries put on the BOC agenda for next Tuesday's meeting (February 1st, 2022). The Gordon Central construction team is wanting to build these library stations and install them at Ooky Faith Memorial Park and the library advisory group at Gordon Central will organize the books for the library. I spoke with Jim about this a few weeks back and he said it needed to be on the agenda. Thanks!
