

# LITTLE FREE LIBRARY

- Gordon Central High School Construction students will build and install the Little Free Library out of the recommended materials.
- Mrs. Pruitt, the Library Advisory Group Leader, will coordinate with Craig Sparks for the installation of the completed library in Ooky Faith Memorial Park.
- Local news media, park staff, commissioners and participating Gordon Central students and staff will be invited to the ribbon cutting ceremony.
- The Library Advisory Group will pay the registration fee to Little Free Library and supply all building materials. This will allow the library to be registered with Little Free Library and located on the worldwide map.
- The Library Advisory Group will fill the library with books and monitor the Little Free Library monthly to check the status of the library and the books.
- Once the Little Free Library is established, then the library will be monitored quarterly.
- If the Little Free Library is damaged, representatives from Gordon Central will bring the library back to the school for repair and reinstallation.
- Community members that use the Little Free Library are encouraged to leave a book if they take a book.
