Gordon County Government
RE: Senior Center
Ann Bradford, Director

My husband, Jim Cantrell, and I purchased our home in Gordon County April-2021. I cannot say LOUD enough we love every day here!

We have the honor to be members of the Gordon County Senior Center. Our director, Ann Bradford, is the reason we go almost every day. Ann wears many different hats each day. She does not sit in a office and occasionally be on site with all of us. She is truly "hands on". When ^{we} are playing physical games we have so much fun we don't realize we are getting our exercise.

Ann has gone above "necessary" during our remodel. She has done so much to make us comfortable in our shared area with the Calhoun Rec Center.

I retired from a successful career in sales and customer service. My career has given me the opportunity to observe people skills and employee dedication. Therefore, I can say with pride, Ann Bradford is a very valuable, dedicated Gordon County Senior Center Director.
