

**GORDON COUNTY BOARD OF COMMISSIONERS**  
**ACCOUNT CORRECTION ORDER RESOLUTION**

The Gordon County Board of Commissioners hereby approves the following resolution regarding delegation of authority from the governing authority to the Board of Assessors when correcting obvious clerical errors and or removing property on the tax digest.

Whereas, the State of Georgia has recognized the inherent authority of the Board of Commissioners, as the local governing of a county, to delegate its authority to the Board of Assessors to correct obvious and undisputed clerical errors and remove property that no longer exists in the county from the tax digest.

Now therefore, it is hereby resolved that the Gordon County Board of Commissioners delegates its authority to the Board of Assessors to correct obvious clerical errors, undisputed clerical errors and to remove property that no longer exists from the tax digest. The Board of Assessors will make such corrections by issuing an assessment correction order.

So resolved and adopted on January 3, 2023
